Arvada, CO | [linkedin.com/in/rachel-e-hull](https://www.linkedin.com/in/rachel-e-hull) | rachel.hull.mktg@gmail.com

Senior lifecycle marketer who turns behavioral data into strategies and systems that drive activation, adoption, retention, and expansion. Combines strategic judgment, hands-on execution, experimentation, analytics, and marketing automation to deliver measurable growth.

Lifecycle Strategy | Activation & Adoption | Retention & Expansion | Segmentation & Personalization | Experimentation | Analytics & Measurement | Marketing Automation | Lifecycle Infrastructure

WORK EXPERIENCE

TurboTenant *Property management SaaS for independent landlords*

Senior Lifecycle Marketing Manager | February 2024 – March 2026

- Owned activation and adoption lifecycle strategy in a PLG model, driving **+72% lift in feature adoption, +11% increase in onboarding conversion, and +5% lift in key activation flows**.
- Designed and operated a behavioral lifecycle system using event-triggered messaging, segmentation, and sequencing to drive onboarding, feature adoption, and re-engagement across the user lifecycle.
- Led structured experimentation across lifecycle touchpoints, testing messaging, timing, and segmentation to optimize performance and inform product positioning and growth strategy.
- Built and scaled multi-campaign cross-sell programs converting single-use customers into full-platform subscribers through segment-specific messaging and cadence, achieving **40% lift in conversion** for a representative campaign.
- Deployed a personalized annual engagement campaign measured against holdout and non-opener controls, achieving **55% open rate, 4% CTR, and 0.5% lift in 2-month subscriber retention**.
- Architected scalable lifecycle infrastructure in Customer.io and managed migration from Klaviyo and Intercom, enabling event-triggered personalization, dynamic templating, cadence controls, and expansion to SMS and push.
- Identified event-tracking gaps and partnered with Engineering to establish consistent naming conventions and collaborative scoping for approximately **3–5 new events per week**, improving behavioral-targeting reliability and iteration speed.

Snagajob.com *Marketplace connecting hourly workers and employers*

Senior Lifecycle Marketing Manager, Worker | May 2022 – October 2023

- Drove lifecycle strategy resulting in **20%+ growth in visits and revenue** while scaling and optimizing approximately **45MM weekly sends** through segmentation, dynamic content, and journey orchestration.
- Standardized Adobe Analytics event structure and built the lifecycle reporting framework from scratch, establishing consistent visit and revenue baselines within six weeks.
- Used new measurement visibility to diagnose and retarget a high-volume underperforming series representing ~80% of sends, driving **31% revenue growth, 6.7% visit growth, and 22% reduction in send volume**.
- Built a predictive B2B2C lifecycle campaign using application history to dynamically surface relevant additional job opportunities, translating behavioral signals into automated recommendation journeys.

Conduent, Inc. *Employer-sponsored health benefits platform*

Lifecycle Marketing Manager, BenefitWallet | January 2018 – May 2022

- Built and executed a de novo lifecycle email program for **5MM users**, driving activation, adoption, and re-engagement from scratch.
- Established audience-segmentation and KPI baselines, standardized analytical practices, and introduced A/B and holdout testing.
- Increased activation among an adoption-resistant segment from **5% to 27%** by implementing a relevant, timely activation sequence.

OTHER EXPERIENCE

Wells Fargo Bank

Multiple Marketing and Product roles | (12 years)

- Progressed across product, pricing, and marketing roles, developing expertise in segmentation, experimentation, customer acquisition, direct mail, revenue optimization, and agency management.
